About me

After studying business administration in Zurich, I gained experience at the Swiss Bank Corporation in Chiasso and Basel. From 1990 I worked in the audit department of KPMG in Lugano, where I became Deputy Director in 1996. In 1997 I joined Fiduciaria Mega in Chiasso, becoming director in 1998 and partner in 2001. In particular, I provide consulting and auditing services to entrepreneurs and small and medium-sized companies operating at local, national and international level. I am also responsible for the audits of pension foundations, public institutions and companies, and NGOs affiliated to FOSIT. Since 2009, I have been a member of the Board of Directors of ExpertSuisse, the Swiss Expert Association for Audit, Tax and Fiduciary.

Areas of activity

- Advice to entrepreneurs and companies with local, national and international activities
